

Service Tips

Dual Zone 18+18 Combination

There is a misprint in the current 2016 Fujitsu Catalog that shows a kit is required for an 18+18 combination on the AOU36RLXFZ1. However, this kit is only required for the AOU36RLXFZ1. With the AOU36RLXFZH, the 18+18 combination was included in the base of design eliminating the need to upsize the piping.

Allowable Combinations for AOU18RLXFZ, AOU18RLXFZH, AOU24RLXFZ, AOU24RLXFZH, AOU36RLXFZ1, AOU36RLXFZH, AOU48RLXFZ
